

Hantie Kwakkestijn is dead: Prisoners report converts: Saxons worldwide are awakening.

## Hantie Kwakkestijn

"Letter From South Africa" by HK is no more. Hantie had a stroke which in time caused her death. How "HK" and *Hoskins Report* got together is interesting.

At the time of the betrayal of White South Africa, I was in touch with S. African patriots who were trying to rally White South Africans to oppose the traitors in their government. They didn't know that their country was being "reconstructed" the same as the US and Europe are being reconstructed today. Almost ALL elected officials have been selected and vouched for by Esau's media and paid for by Esau's business cartels. As the book "Volksverrad" relates - the result was that they were all traitors - all of them.

When this happened, the newsletters from White patriots relating the true events in SA stopped. The only information I could get was from two newsletters written by two highly intelligent women. One was Aida Parker and the other was Hantie Kwakkestijn. At the time there was no E-mail and the newspapers blacked out all other news from S. Africa.

Reports from these two is how I learned about the black government's anti-white economic policies and the effect that it was having on white families. I learned that there were destitute white children who were actually hungry and cold.

HR subscribers asked me what they could do to help these destitute White children. I didn't know what to tell them.

I sent \$200 to Hantie K asking her to put it to work where she thought best for the white children.

Soon after, I had occasion to call Aida Paker about an article she had written in her newsletter. During our

conversation she mentioned that Hantie Kwakkestijn had visited her and left \$100 for her to help some children she was caring for. In other words, Hantie was doing what she had said she would do. "By their acts..."

Soon after this Aida Parker died. This left HK as my primary information source for a considerable time.

I received information about an orphanage for white children soon to be set up whose head was a former South African movie star. Hantie knew about the female star and her planned orphanage but not much more. I wrote others for information and soon received both written information and phone calls from the soon to-be head of the orphanage. Her plans were impressive.

I informed Hoskins Report subscribers of what I had learned.. In short order many thousands of dollars from subscribers came in. Just as I was getting ready to send the money I received a phone call from Hantie Kwakkestijn informing me that things just didn't look right to her, and to hold off sending any money until she could learn more.

In a few weeks, the right-wing Afrikaner newsletter *Rapport* reported that the former actress was soliciting money for an orphanage so that she could pay gambling debts at local casinos and had been placed under arrest by the authorities. I notified HR donors, appologized, and returned the money to the hundreds of donors - which was a job! Thanks to Hantie K, she caught the scam in time.

However, the uncovering of the movie actress's orphan's money scam gave Esau's media a field day. Articles appeared in the papers that said that the arrest proved that whites were crooks even with their own people. The result was that for a time almost all help for white orphans stopped. White children were actually standing on roadsides begging for food and sleeping in open fields in all sorts of weather.

## UPDATE

Hantie told me that people were beginning to realize that Esau's media was controlling their thinking and that a few local White farmers had gotten together, formed a company and had chosen an administrator to help the children. Still, there wasn't enough food, blankets or shelter because the White farmers were also being put in a bad economic condition by the black government. Still, HR subscribers wanted to help.

My solution was to send donations to the orphans by way of Hantie. She sent me a receipt when she got the money and then took the money to the orphans - who were called "Loeries". She visited and inspected the progress, got a receipt from the headmistress for the donation and sent the two receipts to me along with a report of her impressions. Her comments I passed along to HR readers.

With Hantie gone her husband is sending me the usual receipts, and because of the condition of the SA mail service, additional reports are made periodically by telephone.

Hantie Kwakkestijn will be missed. She furnished information about our kinsmen in South Africa for the HR for more than 20 years. It was Hantie's opinion, that the unselfish donations of HR subscribers to the "Loerie" orphans are the reason the orphanage exists and the reason that the children are well cared for.

As best we can, the HR subscribers obeyed the Law by taking care of our own people in need. We are certainly proud of kinsmen such as Hantie Kwakkestijn.

## From The Loeries

Dear Mr. and Mrs. Hoskins

Until now we have not been able to make contact with the outside world due to the fact that our telephone cables had been stolen once again. They have now targeted our area and as soon as the cables are replaced, it gets stolen within a week. This is utterly frustrating and our hands are cut off! My internet is now running for the time being, but the telephone line is still not working!

We want to especially thank you from the depth of our hearts for the very generous contribution we received from your subscribers. You cannot imagine how it helps to keep us going! Three more children can be accommodated with your contribution!

We are filled with great sadness due to the passing away of Hantie Kwakkestijn. She was so weak and dependent during the past few months but throughout she stayed so positive and thankful to be alive and it seemed as if she was so accepting of her declining health. She was a remarkable lady and a dear friend. Hans was such an anchor and great support to her and we think he suffers a lot of pain and emptiness because of this great loss. We deeply hope that he will be able to stay strong and keep up with the good spirits. Life is so short. She will be greatly missed by us all.

On a lighter note, schools have reopened and we are already back to our daily routine and chores and the Loeries seem very positive and eager to study.

As you can imagine, we do not advertise ourselves in the media as it may put pressure on us to welcome "more children than we can accommodate." Thus we keep to ourselves and just pray for people like your friends from America and those like the Kwakkestijns that have been supporting us on a continuous basis.

This is just an up-to-date from your friends from a sad, sad country which is nothing but a second Rhodesia under Godless, corrupt dictatorship, but we have HOPE and we will stay positive and thankful!

Wishing you a long, healthy life with your family through HIS grace and a wonderful 2012 for us all.

Betzy, Trustees, Personnel and all Loeries

RKH: It was the threat of invasion by anti-christ governments of the US and Great Britain backed with the aggressive support of "anti-christ" Establishment "Christian" Churches, plus the embargo of White South African trade - that persuaded Whites to turn over their government to strangers. This is a clear violation of God's Law forbidding strangers to rule man. "*Thou mayest not set a stranger (Heb: zûwr - racial alien) over thee, which is not thy brother.*" Deu 17:15

## LETTERS

Greetings Mr. Hoskins: I was saddened to hear you would not be writing HR any longer, but I understand that there comes a time when enough is enough.

Within our Patriotic Movement people want to talk and fight over petty doctrinal differences. My prayers

will be answered when all these so-called "True Christians" actually unite

Does the Galley Messenger still offer prisoners the same deal for books to us that they did when we were subscribers to HR before it stopped publishing? There are several books on Scripture that would help me in my studies. In His service, L.A. - prisoner Colorado

RKH: My wife and I will order, wrap and mail books as long as donations to the Prisoner Book Fund keep coming in. Thus far, donors to the Prisoner Book Fund and the Loeries continue as loyal as ever.

Dear Mr. Hoskins: We miss the Hoskins Report. In our prison we have developed a good sized ministry. New converts are given access to the library of HR books built up over the years. Most books are dog-eared from use but serve their purpose. There are still books in your catalogue that we need. I hope you continue with the books as you have in the past. B.W. - prisoner - Florida

### New Age:

People are beginning to wake up. Newspapers complain about losing money. Things are beginning to go our way. The Lord promised to look after his people.

NOTE: *Hoskins Report* had several thousand envelopes printed and they are uselessly sitting on the shelf. *The Update* will try to make use of them when it can to save money

### Lastly

Donations to the Prisoner Book Ministry and the S. African orphans - the Loeries - will be used for the purpose they are sent for as long as donations continue.

This *Update* will be sent periodically.

## UNFILTERED NEWS

CRIME: According to *The New York Times*, in New York City last year 96% of all shooting victims and 90% of all murder victims were racial minorities.

PLANE SITE: Producer Dave von Kleist, produced a documentary on the 9/11 Pentagon attack. Its main quandary is the 14-foot-wide hole allegedly left by a 124-foot wide airliner. After 100 minutes one is left wondering how even a child could believe the Bush Administration's "official version" let alone begin a war based on it. A supporter wrote; "I wish we'd had someone like von Kleist at the time of Pearl Harbor! WWII would have been very different." *STORM*, Australia

### DONATIONS

\$2170.56 is in the prisoners' book fund after receipts and mailings for the month. This figure does not include checks received after month's end. If funds can be used for purposes other than books and subs, please specify.

My accountant has issued HR guidelines. Donations to the prisoner fund should be made out to *Hoskins Report*. They will pass through our books and the money will be spent on prisoners' orders.

Checks for "other purposes", including S.A. orphans and other needy kinsmen, must be made out to "Richard Kelly Hoskins" and on the check please write "gift". Please do not mix funds - such as gift to the "Orphans" with the remainder going to "Prisoners". I understand, you understand, but the IRS does NOT understand.

Last month \$1607.84 was sent to South Africa and a receipt for the \$2848.04 sent the month before was received. If you like, you can send checks or cash directly to the S. African orphans by mailing to *Willie & Rina Hoffmann, Plot 4, Verster Park, Bronkhorstspuit, Posbus 120, Bronkhorstspuit 1020, S. Africa*. About half of each small check sent to SA is taken by bank "service fees".

A "Loerie" is a little South African bird.

Money for the Prisoner Fund goes to the prison work. Gifts for "other purposes" go to projects that appear worthy according to the WORD. Life is uncertain, so money is rarely kept on hand for "emergencies".

MEDIA: As an example of how the media controls the mind of the public - the pictures of Trayvon Martin, the victim of a Miami shooting by a Hispanic, shows a cherubic preteen with a gentle smile. Victor Davis Hanson in *NationalReview.com* writes something different: "Lately, a different picture has emerged - that of a 6-foot-2 youth with gold teeth and tattoos, once suspended from school for marijuana possession, whose Twitter handle was "@NO-LIMIT-NIGGA."

REACTION: Strangers control almost the entire media. Still, there is the Web. The public is increasingly going to the Web for their information. This is causing the public to increasingly leave the printed word for the Web. Now the Encyclopedia Britannica announced that after 244 years, it would no longer make its 32-volume print encyclopedia and focus instead on its digital business. The Saxon nation is beginning to have a choice.
