

MIND CONTROL: Adam-man and the serpent.

MIND CONTROL

Long before the days of Christ, religious writers recognized two opposite law systems. Nations were ruled by one of them - the other was ignored:

- "The Law of the God of Abraham, Isaac and Jacob" or
- "The law of the King of the Land".

These law systems are mutually exclusive. The first system excludes the second,¹ and if the second is in power it excludes the first.

When the King of the Land rules, the Laws of the God of Abraham (The WORD) are not to be found in government, courts, schools, media, or even in its so-called "Christian" churches which teach sweet rituals and stories - but no LAW of the God of Abraham.

The transition from The WORD to the law of the King of the Land can also be violent and destructive.

A Different Way

There is a way to control people's minds without resorting to religion or force - a method having no distinct name that people can use as an excuse to brand the system as evil.

If those who teach this "invisible mind control" have access to unlimited amounts of money to pay people for their cooperation - the chance of success becomes great.²

Serpent

The *serpent* was found in The Garden of Eden. It captured the mind of Eve. Ancient books say that the God of Adam banished it from the Garden to India where it is found with the Indian gods.³ The serpent represents evil to Adam's descendants. It represents good to the Hindu.

India

India lies midway on the the silk routes from China to the West. Indian merchants managed and financed most of the trade caravans.

India's Gods

India's god is *Brahma* - a combination of all the world's gods. He is also called The Force.

Brahma has two sons, *Vishnu* and *Siva*. Vishnu is white, he looks after the home, business, good fortune and the mundane affairs of people.

Siva is black. He is the god of sex and death. Siva brings pleasure and pain and is therefore the most feared and worshiped. His symbol is the *linga*, or male sex organ, which is prominently displayed in front of Siva temples.

His wife, *Kali*, is also black. She is the goddess of death. To the Hindu and their followers black is holy.

Siva has another symbol. It is composed of two triangles - one pointed up and the other pointed down. When

¹ "Thou shall have no other Gods before me." Ex 20:3

² "The love of money is the root of all evil." 1 Tit 6:10

³ "Then ... a wind came to blow from heaven by command of God that carried away the serpent from Adam and Eve, and threw it on the sea shore, and it landed in India." 1 Adam & Eve 18:1-9

HR Update

the two overlap they represent the male and female in sexual intercourse. This symbol is known by different names in different lands. In the West it is known as the Star of David.

Perfect Master - Preacher

India has millions of gods and at least 100,000 active religions. Most Indians have neither the knowledge nor the time to study all these religions to select a god or gods to worship.

Certain holy men make a business of studying India's countless religions. In time, they compile a combination of godly teachings and gods with whom they hope to gather followers. These teachers are called *Perfect Masters*.

Indians visit these Perfect Masters until they find one who satisfies them and then they give their whole allegiance to this one teacher as being God on earth and they follow his every instruction.

Since the religion taught by the holy man has virtually no law, a follower discerns right from wrong by asking his teacher's opinion. This opinion makes the minister a *Perfect Master* - one whose word is looked upon as that of a god on earth and the only way to nirvana. There are numerous Perfect Masters in Christendom today.

Usury

From the earliest days, Indian usury bankers were prominent in the Silk Trade. This trade returned them vast amounts of money.

They obtained this mountain of money from usury - a system guaranteed to return profit. Usury is a practice simple to understand:

If there is only \$10 in the whole world, and you lend it to someone and he agrees to repay \$11 - he has agreed to the impossible. The result - he forfeits his collateral.

There are many variations to disguise the practice of usury, but the result is the same - 11 for 10.

Merchants' Profits/Corporations

Usury produces an unending flood of money. This money is quickly used to buy land, businesses, trade monopolies, rulers, armies, educators and religions.

Many of these purchases grow to tremendous size and are organized into *corporations*. These corporations are

usually managed by highly paid surrogates of the nation in which they are located. Most of the world's population work for these corporations - and - to protect their jobs become docile corporation servants.

Usury is a practice banned by The WORD. "*He that hath given forth upon usury he shall surely die.*" *Ezek 18:8-13* The penalty to the borrower from the usurer is also quite clear; "*The borrower is slave to the lender.*" *Pr 22:7*

Followers of The WORD condemn usury that the serpent god and his servants use to conquer the world.

Buddhism Saves The Merchant

About three centuries before Christ, India had a powerful ruler named Asoka. His name is known by more people than the name Jesus.

Asoka ruled Hindu India. But the many different rulers and variations of the Hindu religion resulted in constant civil wars.

Asoka then learned of a system of mind-control that offered to bring peace to the land. It was not a religion but physical and mental exercises called *Buddhism*.

The first step in learning Buddhism is to learn "*Yoga*". Yoga students are taught to relax mind and body while humming "Mmmmm" which is the Hindi name of Brahma.

Simply, Buddhism teaches its students to relax, be nice and obey your ruler. Asoka built great temples and monasteries to train Buddhist priests, and used them as his missionaries. Since India had many races, castes and languages, each monk had to be specially trained for the area to which he was assigned. The training lasted 15 years. Each learned the dialect, history, customs and gods of the district to which he was assigned.

This teaching is called *Dharma*. Dharma states:

"*One must not condemn another religion or race by word or deed.*" *King Asoka*

Dharma teachers were called *Dharmamatras*.

The results were spectacular. Indians were taught to respect each others' gods as being part of the one great god Brahma. They were taught to accept next door neighbors of different races who spoke different Indian dialects and languages. For a time, peace descended on

HR Update

India. Most importantly, these Dharmamatras were sent to other lands. They paved the way so that Indian merchants could travel where their business took them without fear that hostile natives would kill them.

Buddhist Missions

Asoka boasted that his missionaries had spread Buddhism to the Greek world and conquered them. This was done by simply attaching Dharmamatras to the local Greek religious leaders.

Because of this, **Buddhists are almost always known by the name of the local religion rather than as Buddhists.**

Local religions are encouraged to keep their rituals, religious holidays, parables and merely add Dharma. This allows the foreign merchant freedom to enter, trade his goods and establish usury banking since the customers have been taught *"One must not condemn another religion or race by word or deed."*

Buddhist missionaries also took *Dharma* to China and Japan.

King Asoka posted lists of Buddhist integrationist requirements throughout his empire.⁴

Buddhist Foreign Operations

Buddhist missionaries, backed by the merchants' unlimited corporate wealth, found local religious leaders who willingly cooperate with them in every country. Often, cooperation only requires money. Other times the bribe is a donated church building, sometimes a college, a seminary or monastery.

In the political sphere there is always someone who will accept money or media publicity that enables him to become "king of the land".

Recently, His Holiness the 14th Dalai Lama spoke at William & Mary College. He spoke for the need for compassion - human for human, religion for religion, nation for nation. He stated: "There is too much emphasis on secondary differences - of faith, differences of races, of color, nationality. If we look at the fundamentals, we're all the same people. No differences, no barriers."

Unknown by 95% of Virginians, Buddhists have built a large temple complete with training schools, a growing Buddhist settlement, and replicas of their gods down below Lynchburg on the James. Already, most Virginia churches no longer teach the commandments of the God of Abraham while teaching the parables, stories and rituals of Christianity - plus Dharma. Their religion has become integrationist rather than separatist. This is why China has armed guards on her borders to prevent Buddhist priests or Western religions that have become Buddhist from entering their land.

Two Religions

The sons of Isaac - Isaac-sons - Saxons, are familiar with two law systems:

First, there is the Law of the *"God of Abraham"*:

Second, there is the law of the *"king of the land"*.

One follows the Law of the God of Abraham, or he follows the law of the king of the land who lives on the Potomac. He has ruled that all the people are one and their gods are one.

In the lands ruled by the God of Abraham, the WORD is everywhere. In the land of the king of the land the WORD - the Law of the God of Abraham - is forbidden. It is found neither in churches, courts, schools, military, nor newspapers.

When the sons of Adam-man awake and return to the WORD - things will drastically change. The WORD says:

"They will each turn to his own people, and each one will flee to his own land. Anyone who is found will be thrust through, and anyone who is captured will fall by the sword. Their little ones will also be dashed to pieces."
Isaiah 13: 14-16

Letters

Greetings: I first read your book, *War Cycles Peace Cycles*, in 1990. Your book said that deposed leaders must die so new debts cannot be repudiated eg: Saddam Hussein, Hosni Mubarak and Mohammar Quaddafi. Our people must learn - or die. - T.C.

From The Loeries

Dear Mr. Hoskins, Ann, family and friends. Thank you from the bottom of our hearts for yet another contribution received two weeks ago! It always happens that your readers' contributions come at a time when most needed! To us it is God sent!

As you may know, we had a visit from Johannes Verhoeff from Tasmania during August and he also stayed over to celebrate his birthday along with the Loeries. It was a pleasure to have him. The children really enjoyed all the conversations and to them it was really fun to have this visitor with the strange accent from an island so far from us, and they understood him quite clearly!

The High School children are in the middle of their examinations and we all are studying, studying and studying!

Lindie is our only matriculant (Grade 12 learner) this year and is doing very well as seen in her results. She is looking forward to her "once in a lifetime event" namely the Matric Farewell. Gert, an old Loerie, is accompanying her to the event.

Lindie has already been accepted at the PUK University which, as you remember, is a very conservative, Afrikaans based university and mostly white.

Jean and Sunet are really doing very well at the university and we are so proud as they are the first two Loeries who aspired to study full time to become teachers one day. Sunet's dream is to further her studies and we are praying for the Student Fund to grow - in order to support all Loeries who want to study one day. She and Jean enjoy their student life and study very hard. They know how fortunate they are!

Nicolene (16) who was born with a severe oral deformity including an open pallet and hare lip has been undergoing treatment to straighten her teeth. She had her first huge operation two weeks ago in which the pallet was sealed. It was a big operation and very uncomfortable for her, but not once has she complained about pain or even felt sorry for herself. She is blossoming and it is so heartwarming. Her self-esteem has blossomed since. We are so thankful for help from donors like you Americans which has made it possible. There is still a long road ahead with a few more procedures and treat-

ments, but she is so thankful. We can just thank the Lord for being able to help this girl lead a normal life from now on - without being stared at or even joked about. During the final procedure, the doctors will also fix her lip and rebuild her face.

Endearing Jacques is still battling at school and undergoes therapy, extra classes, speech and reading lessons, but there seems to be very little progress, if any. The time has come to make a very difficult decision. We might have to put him in a school for children with learning disabilities which is not close to Loerie Home. In Bronkhorstspuit we do not have a special school for these children, which means he will have to possibly go back to his parents. It is very hard because we do not want to separate the two brothers. The big issue is that he will have to leave Loerie Home which really concerns us as his 11 year old brother Richard is also a Loerie and they should not be separated. We are really trying very hard to help him and it is very difficult for Jacques.

July and her mother bonded and they decided to give it a chance. She has not finished school yet and we pray that she does the right thing and finishes her school career. Although she regrets leaving Loerie Home, she has made space available for two more newcomers. Although we were very sad to see her going, we were very happy to welcome two little sisters, Sandra and Sune, who really had no place to live. They have adapted immediately and are so thankful.

Gert and Riaan, who have also pursued a career in Aircraft Aviation, are almost finished with their course and we are so very proud of them. Whenever they have a week-end off, they come to visit Loeries and it is heartwarming to know that Loeries will always be a part of their lives. Gert is also accompanying Lindie to her School Farewell.

Enough news for now! We actually only wanted to thank you from the bottom of our hearts for all your love and kindness and wish the Lord's blessing and grace upon you and all your dear friends who are looking after us.

Thank you once again!

Sincere wishes,

Trustees, Betzy and the Loeries

PRISONERS

Thanks to the books that readers have provided for prisoners, there are now a number of prisoner study groups throughout the country. Some of them have become well versed in Scripture. Certain of the younger prisoners adapt quickly to Biblical teachings.

PAINTING

I had a room in my house painted. The painter is an old friend. He showed me his 300 year old Scottish family Bible printed in Gaelic.

He also told me my room was the last job he and his father will be able to get until late spring. He said that today he bids on all new jobs but another bidder will bid \$50 less than he and win the contract. He then brings in a team of Hispanics to do the work. White painters in Lynchburg are being forced to leave the business.

America's unemployment rate has just gone to 7.9%. This does not count those who have become discouraged and no longer are seeking work.

There are 11-20 million illegals in this country. Instead of deporting them, the Democratic/Republican party is talking about giving them amnesty so that they can stay and keep American jobs. The result, unemployment remains high, workers' wages remain low which cause corporate profits to remain high while other jobs are off-shored.

JUDGES

The WORD commands *"Thou shall not have a stranger to rule over you."* Deut 17:15. Notice the "alien judges" on TV, alien police captains and corporate leaders. This is done to accustom Saxons to have aliens rule them. God promised Adam-man that Lawlessness will be punished.

"If thou wilt not ... do all the words of the law ... the Lord will make ... every sickness, and every plague ... until thou be destroyed." Deut 28:58-66.

SOUTH AFRICA

Over the past year there have been a number of news articles about black miners strikes in South Africa. An

article in Bloomberg Businessweek revealed the reason. Black miners are in debt up to their necks and are paying interest as high as 80%. This makes it almost impossible to get out from under their debtload. The lenders have an arrangement with the mine owners to garnishee wages reducing many blacks to debt slaves.

In spite of the South African news blackout, stories continue to slip out. The basic story is the fear that the political and economic rivalry between the black hereditary enemies, the Xosas and Zulus, will turn violent. Some of the leaders of the ruling tribes have bought mansions in Great Britain. Making matters more difficult is the influx of blacks of other African tribes who suddenly appear by the tens of thousands and set-up camp expecting handouts and services. Taxes are paid by a gradual diminishing white population.

The farms taken from whites and given to blacks stand deserted. This has created a food shortage in a country that exported food under white rule. Anti-white laws give blacks first chance at available jobs which is causing high white unemployment. The black guerrilla war against distant white farmers continues and the number of white casualties total in the thousands.

Thanks

The writer of Hoskins Report burned out at the age of 83 after writing for 37 years. That was October 2011. During the 37 years, HR ran stories about South Africa and American prisons. Subscribers sent money directly to S. Africa and discovered that bank handling charges took up a good part of their donation. HR agreed to combine checks and send a single larger donation each month as long as donations continued. Can you believe it? Donations have grown. The Loeries Home now has 33 children! And, in my opinion, the books sent to prisoners have produced some of the best read Christian students in the country. The day is coming when America will need them.

HR On CDs

There are 25 years of Hoskins Reports on CDs. Each year costs \$12. The demand for entire sets has been almost as great as demand for individual years. Establishment censorship has erased much of our history. The day will come when history will need reconstruction.

DONATIONS

\$2714.06 is in the prisoners' book fund after receipts and mailings for the month. This figure does not include checks received after month's end. If funds can be used for purposes other than books and newsletters, please specify.

My accountant has issued HR guidelines. Donations to the prisoner fund should be made out to *Hoskins Report*. They will pass through our books and the money will be spent on prisoners' orders.

Checks for "other purposes", including S.A. orphans and other needy kinsmen, must be made out to "Richard Kelly Hoskins" and on the check please write "gift". Please do not mix funds - such as gift to the "Orphans" with the remainder going to "Prisoners". I understand, you understand, but the IRS does NOT understand.

Last month \$2063.73 was sent to South Africa and a receipt for the \$1627.45 sent the month before was received. If you like, you can send checks or cash directly to the S. African orphans by mailing to *Willie & Rina Hoffmann, Plot 4, Verster Park, Bronkhorstspuit, Posbus 120, Bronkhorstspuit 1020, S. Africa*. About half of each small check sent to SA is taken by bank "service fees".

A "Loerie" is a little South African bird.

Money for the Prisoner Fund goes to the prison work. Gifts for "other purposes" go to projects that appear worthy according to the WORD. Life is uncertain, so money is rarely kept on hand for "emergencies".

THE GALLEY MESSENGER - NOTICE

PRISONERS: NO FREE BOOKS. \$2 IN STAMPS OR CASH DONATION FOR AS LONG AS THE PRISONER FUND LASTS. Preference will be given orders for books containing scripture, and to make the book fund last, orders for lower-priced books. RICHARD HOSKINS WILL USE HIS OWN JUDGEMENT IN FILLING REQUESTS RECEIVED. Expect slow delivery times.
